

IAGG e-TRIGGER ASIAN & OCEANIA (ASIO)

Online Training in Geriatric Medicine and Gerontology

Discover a world of knowledge and endless opportunities in geriatric medicine and gerontology with our comprehensive online course.

Starting date: January 24, 2026

Join us to become a highly qualified professional in the field of aging healthcare.

Visit our website: <https://asio.iagg-fge.org/>

About IAGG- FGE

The mission of the International Association of Gerontology and Geriatrics (IAGG) and the Federation of Geriatric Education (FGE) is to promote the highest level of achievement in gerontological research and training worldwide. <https://IAGG.site>

The e-TRIGGER Program

In response to the COVID-19 pandemic, we transitioned our renowned training programs to an online format: "e-TRaining in Gerontology and GERiatrics (e-TRIGGER)" program. <https://iagg-fge.org>.

HSeT Educational Partnership

The Swiss Health Science eTraining Foundation (HSeT) develops e-learning programs that are tailored to the needs of specific groups of trainees as defined by the institutions themselves. <https://hset.org>

Who can apply?

Physicians

Medical doctors interested in aging and care of older adults and who are on track to achieve academic tenure, professorship, or high-responsibility clinical positions.

Experienced Professionals

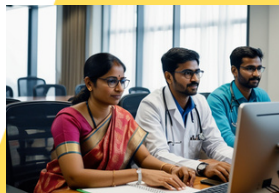

Highly experienced health professionals engaged in community care and hospital management of older people.

Healthcare Professionals

The programme is also suitable for non-physician healthcare professionals, from all horizons, involved in the care of older adults.

Students in Health Professions

The program also suits medical students who are interested in geriatric medicine and gerontology but do not have access to specialized instruction at school.

Program Format

12 monthly online training sessions, with participants from all different geographic time zones connected simultaneously. Each live monthly session lasts 3 hours and is recorded to enable later viewing, in case of absence.

1

Interactive Live Sessions

Join 12 engaging online sessions focused on key topics in geriatric medicine and gerontology. Interact in real-time with expert course instructors and connect with fellow trainees. Sessions are held once a month on a Saturday.

2

Assignments

Regional team activities on distinct geriatric topics in which you will interact with trainees in your language. Annotated papers and case studies as educational tools to enhance your knowledge.

3

Knowledge Assessment

Your knowledge will be evaluated with quizzes designed by our expert tutors, based on the key messages of each session. Active participation in live sessions will also be considered by the tutors.

Program Certificate

Earn a prestigious IAGG-World certificate of participation upon successful completion of 10 out of 12 course quizzes.

A total of 60 hours training certificate, which corresponds to 36 hours of lectures per year, plus personal self-learning.

CERTIFICATE

This is to certify that

Miao-Ting Chen

has successfully completed the distance learning course

IAGG eTRIGGER ASIO - 2024

International Association of Gerontology and Geriatrics
e-Training In Gerontology and GERiatrics ASIO-Oceania

From January to December of 2024

Total of 60 hours & personalized training

Prof. Hidenori Arai
